ABOUT THE FOUNDER

Agustina Lagos Marmol

Agustina is a multi-lingual world traveler, adventurer, climber and devout hiker. She has traveled and lived in various countries, but her heart is shared between the Dolomites, where she currently lives, and Patagonia, where she grew up fly fishing and horseback riding on her family's Estancia. In 1994, she discovered the Dolomites while working for **Butterfield & Robinson**, which led her to settle down in this magical part of the world and to start her own outdoor company: **Dolomite Mountains s.r.l**

"Being able to combine work, family, and fun together has always been my goal. The Dolomites feature some of the most stunning mountains in the world, and the mixture of beauty and service is superb."
